

Pivot Steel Door Models

27 model

Pivot doors transfer the leaf's weight to floor and ceiling bearings instead of hinges. This allows leaves to be produced at heights and widths that standard hinges couldn't support – a preferred choice for wide-opening villa and hotel entrances.

ABOUT THE MANUFACTURER

Bayrakdoor Çelik Kapı manufactures made-to-measure steel doors at its own factory in Gaziosmanpaşa, Istanbul. With 20 yılı aşkın çelik kapı üretim tecrübesi, more than 1,000 projects have been completed. Doors aren't sold in ready-made sizes: a free on-site survey is carried out, the door opening is measured, and the leaf is built to those measurements. Bayrakdoor Çelik Kapı markası the Turkish Patent and Trademark Office nezdinde 2021/143545 numarasıyla tescillidir (12.10.2021).
